

A decorative graphic consisting of several overlapping lines forming a diamond-like shape, with colors transitioning from orange to teal.

Real time signal analysis

TFM Master Data Science

Juan Fajardo

14th edition Kschool – 14th June 2019

Project Analysis

Motivation

Current existing problem

Data

56 signals every 10 minutes

Goal

Create a forecast model

Technical Analysis

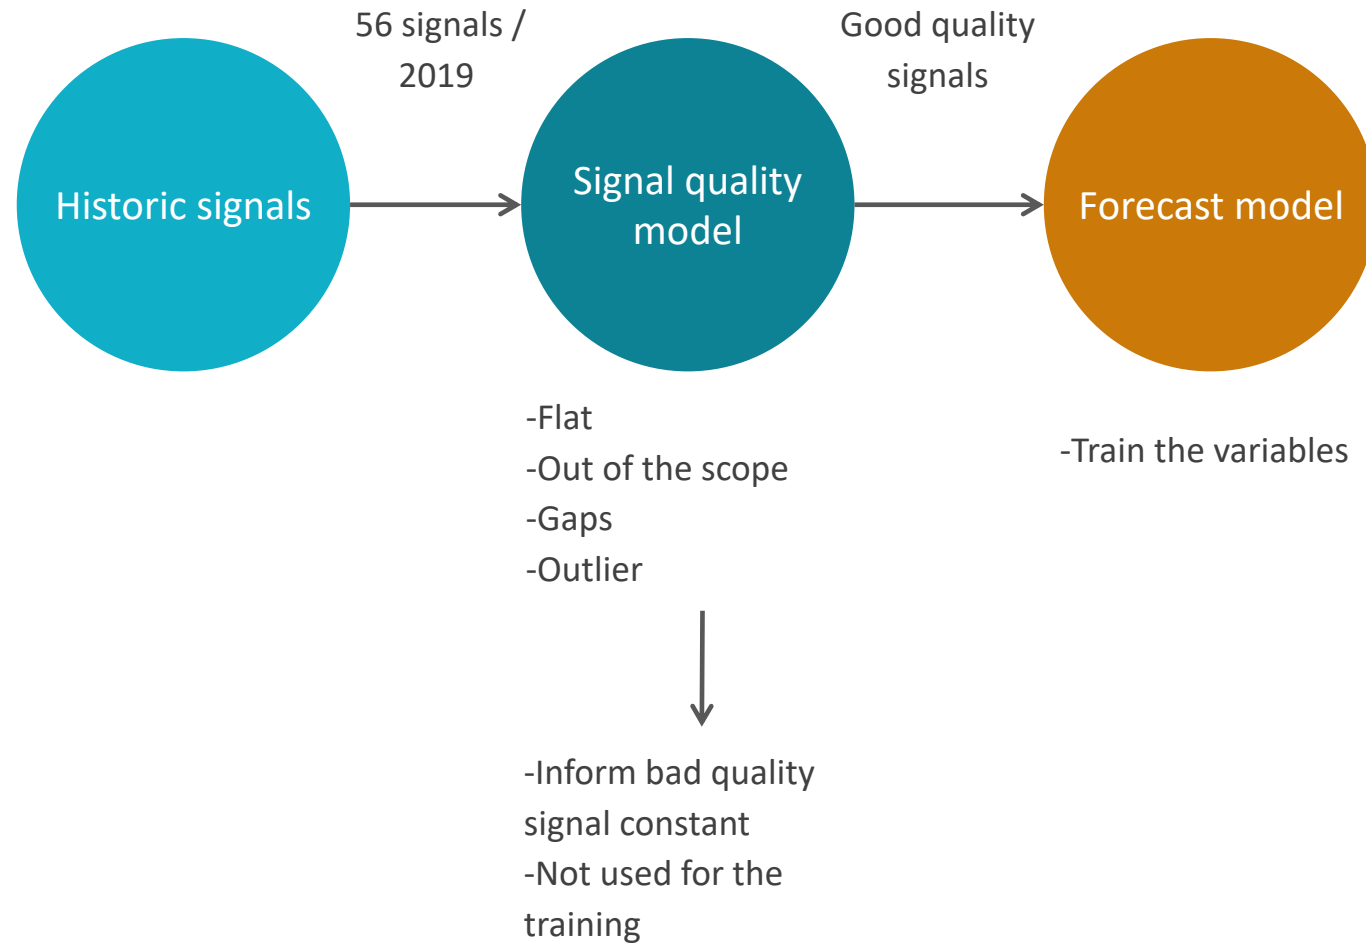

Statistical models

Project Planning

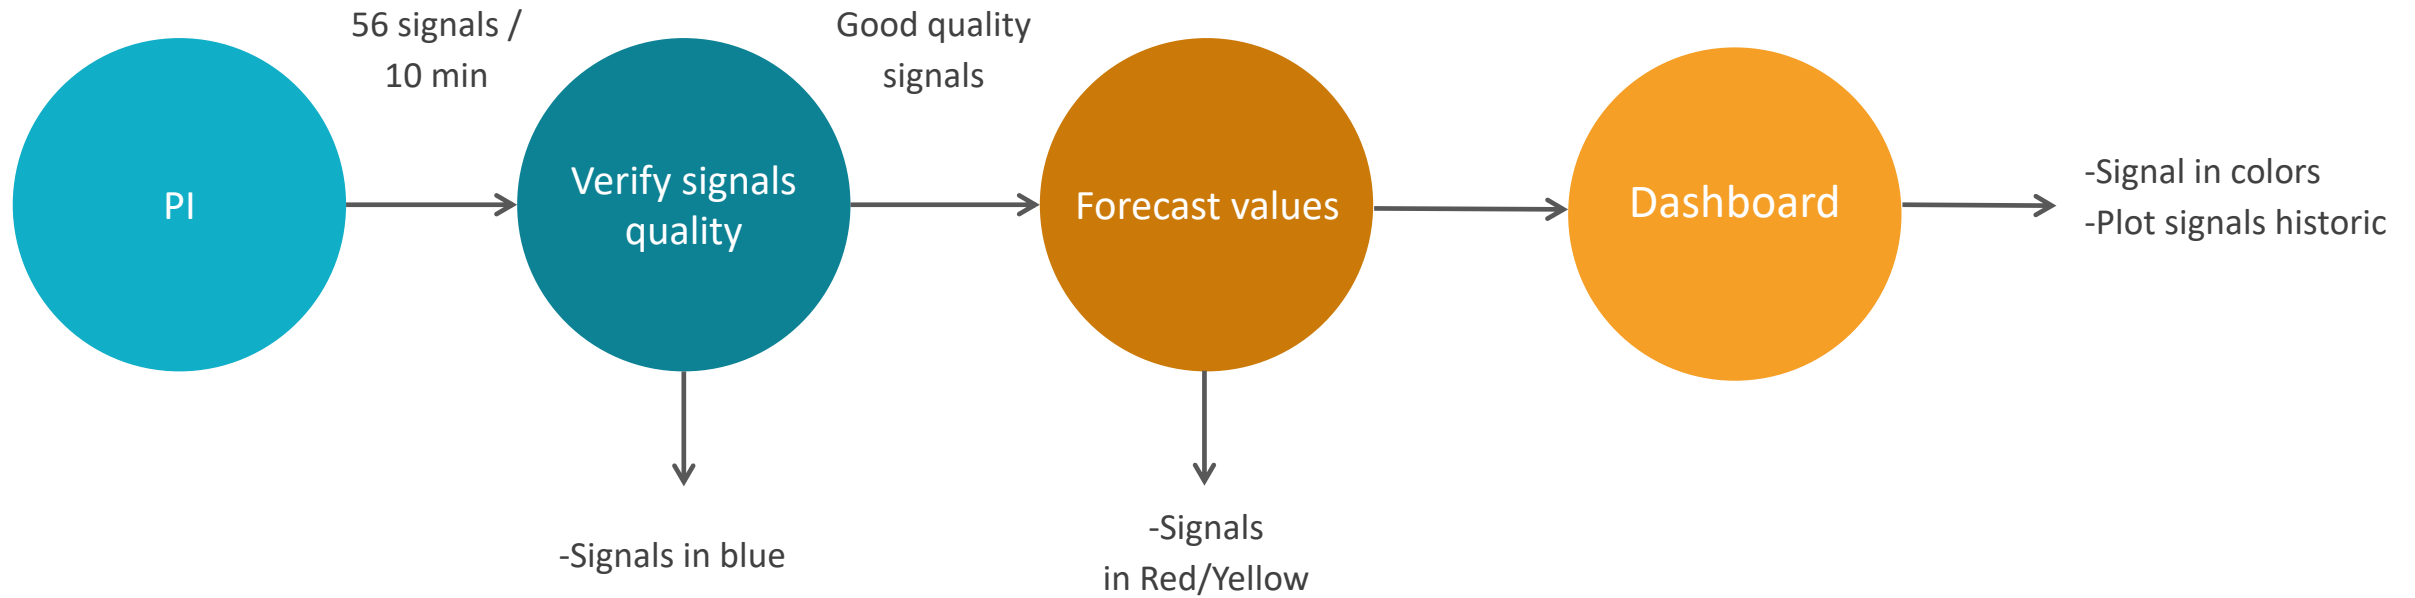

14th June 2019

Create the models

Optional:
Adapt to different
WT Models

Project Workflow

Final result

Project Planning

- Signal prediction 22nd April
- Quality signals 29th April
- Dashboard 10th May
